PROFILE

I am a BS Computer Science student at LUMS with a strong interest in STEM, problem-solving, and innovation. I enjoy exploring new ideas, engaging with research, and discovering practical applications of technology. Always eager to learn and grow, I aim to contribute meaningfully through curiosity, creativity, and continuous effort.

WORK EXPERIENCE

Teaching Assistant – Sundar STEM School

- Assisted teachers in Mathematics and Physics classes.
- Explained topics and assisted juniors with exam prep.

Teaching Intern – Virtual STEM School (VSS)

- Conducted online STEM lessons for primary and secondary students.
- Designed problem sets and supported learners in virtual classrooms.

Content Contributor – Art of Problem Solving (AoPS) in Urdu

- Produced math content and explanations in Urdu.
- Simplified advanced concepts for broader accessibility.

Olympiad & Competition Participation

- Participated in national and international Competitions of Maths, Programming and Physics.

Volunteer – Ayat Foundation

- Assisted in managing communication and outreach activities.
- Helped organize educational initiatives and community programs.
